

Mr. Jogendra Singh

Mr. Jogendra Singh, is a renowned researcher working in the fields of water pollution, wastewater management, phytoremediation, agro-ecology, and bioenergy production. He received his master degree in the subject of Environmental Science from Gurukula Kangri Vishwavidyalaya, Haridwar, India in the year of 2013. He has qualified Indian Council of Agricultural Research (ICAR-NET) National Eligibility Test in the year of 2014. He has also awarded Rajiv Gandhi National Fellowship (RGNF) funded by the University Grants Commission (UGC), New Delhi, India. He has been working as Editorial secretary of the international journal Archives of Agricultural and Environmental Science and Journal of Applied and Natural Science, Haridwar India. He has published 20 research articles in the national and international peer-reviewed journals.

Mr. Pankaj Kumar

Mr. Pankaj Kumar is a young researcher, working in the field of environmental pollution, bioremediation and bioenergy. He has expertise in kinetic and mathematical modeling approaches of environmental research. Mr. Kumar received his masters degree in Environmental Science from Gurukula Kangri Vishwavidyalaya in the year of 2018 with gold medal. He has published 8 research papers in national and international peer reviewed journals. He has been working as Editorial secretary of the an international journal Archives of Agricultural and Environmental Science.

## Contaminants in Agriculture and Environment Health Risks and Remediation

This book is a forge guide to the students and researchers working in the field of agricultural pollution and seeking to get relevant material to understand the current trends of generation, impacts and remediation of pollutants affecting agricultural systems. The book provides the collection of most pertinent material about themes to the readers. The book is helpful in understanding the basic concepts of agricultural pollution as well as the sources of pollutants in agriculture system. The enhancement of agricultural productivity by various environmental friendly methods and their limitations is also implemented. Furthermore, the book comprises the information about impact of pollutants on growth and productivity of agricultural crops followed by various diseases and impacts of agricultural pollutants on human health as well as to other components of ecosystem. The case studies of some countries showing impacts on its population which is caused by such pollutants. The current status of generation of agricultural wastes and its best utilization by means of environmental friendly approaches is the emergence need in this book.

Dr. Vinod Kumar

Dr. Vinod Kumar (M.Sc., Ph.D., F.A.N.S.F.) is working as Assistant Professor of Environmental Science in the Department of Zoology and Environmental Science, Gurukula Kangri University, Haridwar (Uttarakhand), India. He has an academic experience of about 8 years and research experience of about 12 years. His interests of research area are Agro-ecology, Environmental Pollution and Bioremediation Research and Wastewater Management. He has published more than 85 research papers in national and international journals of repute. He is the founder President of Agriculture and Environmental Science Academy and Editor-in-Chief of the Journal of Archives of Agriculture and Environmental Science. He is serving as Editorial Board member and reviewer of about 10 reputed international journals. The Google citation: 768; h-index: 14; Scopus Citation: 177; h-index: 7 is in his credit.

Prof. Rohitashw Kumar

Dr. Rohitashw Kumar (B.E., M.E., Ph.D.) is working as Professor at College of Agricultural Engineering and Technology, She-e Kashmir University of Agricultural Sciences and Technology of Kashmir, Srinagar, India. In addition he is honored Professor Water Chair (Sheikh Nuruddin), Constituted by Ministry of Water Resources, Govt of India at NIT, Srinagar. He obtained his Ph.D. degree in the Water Resources Engineering from NIT, Hamirpur and Master of Engineering Degree in Irrigation Water Management Engineering from MPUAT, Udaipur. He has published over 80 papers in peer-reviewed journals articles, 4 practical manual and 16 book chapters.
